La bomba [e]WINNER 150 incorpora un variador de velocidad y un novedoso motor de imanes permanentes que, conjuntamente, permiten a la [e]WINNER 150 ser un referente en la reducción de costes energéticos, consiguiendo a la vez un gran confort para el usuario.  
*The [e]WINNER 150 pump incorporates a variable speed drive and a new permanent magnet motor that, together, allow the [e]WINNER 150 to be a reference in reducing energy costs, while achieving great comfort for the user.*

### Example 1<sup>1</sup>

Standard pump:  
 0.55 kW  
 4 hours/day  
 419 € Electric Cost\*

[e]WINNER 150 pump:  
 1.1 kW  
 11 hours/day  
 47 € Electric Cost\*

8 x 4 x 1.2 mts

**Ahorro Energético**  
*Energy Saving*

**Ahorro Eléctrico**  
*Annual Power Saving*

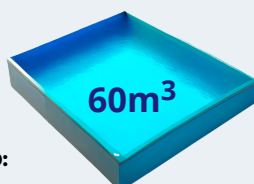

**Ahorro Anual €**  
*Annual Saving*

\*Coste anual con precio medio kWh: 0.30 €  
*Annual Cost with average price kWh: 0.30 €*

### Example 2<sup>1</sup>

Standard pump:  
 0.75 kW  
 4 hours/day  
 544 € Electric Cost\*

[e]WINNER 150 pump:  
 1.1 kW  
 16 hours/day  
 74 € Electric Cost\*

10 x 5 x 1.2 mts

**Ahorro Energético**  
*Energy Saving*

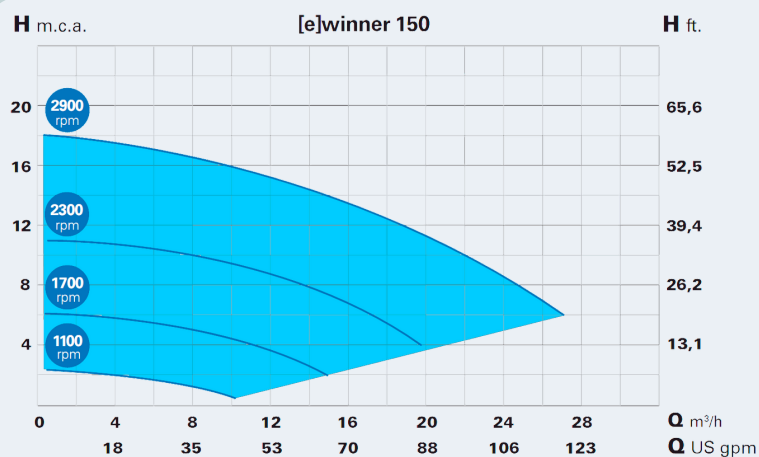

**Ahorro Eléctrico**  
*Annual Power Saving*

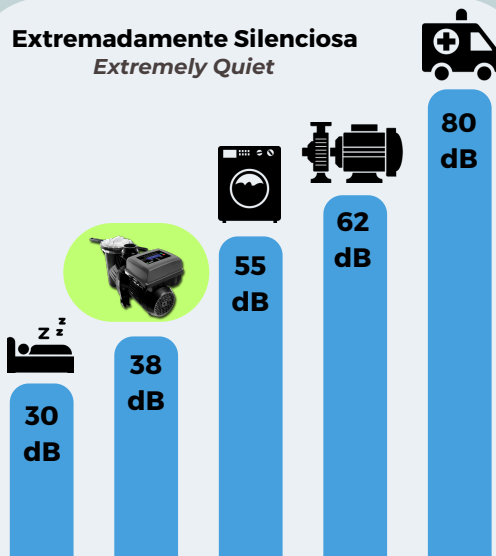

**Ahorro Anual €**  
*Annual Saving*

\*Coste anual con precio medio kWh: 0.30 €  
*Annual Cost with average price kWh: 0.30 €*

**Extremadamente Silenciosa**  
*Extremely Quiet*

| Modelo<br>Type | P2<br>kW | Voltage<br>(Hz)    | Tipo de Motor<br>Type of Motor         |
|----------------|----------|--------------------|----------------------------------------|
| [e]WINNER 150  | 1.1      | 220-240<br>(50/60) | IMANES PERMANENTES<br>PERMANENT MAGNET |

<sup>1</sup>Disponemos del estudio completo del ejemplo utilizado en el presente folleto  
*We have the complete study of the example used in this brochure*
